Information in UGAAlert is accurate and how I want to be notified in case of an emergency (www.ugaalert.uga.edu). I have programmed 706-542-0111 into my phone as the phone number for UGAAlert. I am also familiar with other campus emergency notification methods.

I have programmed the Gwinnett County 911 Center non-emergency phone number, 770-513-5100, into my cell phone so I can call them quickly. I know to call 9-911 (from a landline phone) or 911 (from a cell phone) if it is an emergency.

My roommates and/or close friends know how to contact my parents or other emergency contacts. My parents know how to contact my roommates and/or close friends in case of emergencies.

I have an entry in my cell phone of ICE (In Case of Emergency) so that police/fire/EMS can contact my emergency contact if I am unable to speak or unconscious.

I know more than one way to get out of every building where I have classes. If one exit is blocked, I can get out of the building using a different exit.

I know where to shelter at home and at school in case of severe weather such as a tornado. For a severe weather shelter area, I should avoid: windows and areas where there might be flying glass, exterior walls, rooms with high ceilings such as auditoriums. I should try to get to the lowest level in the building.

When I go out at night, I have a plan on how I will get home. I have friends that I can call to pick me up if I get stuck at a party or location where I feel uncomfortable. My roommates/friends know where I am going and the people I am with.

I am planning to get a flu shot during the fall semester. To decrease my chances of getting the flu, I wash my hands regularly with soap and water or an alcohol based hand sanitizer.

I have a means of getting inclement weather warnings, such as from a NOAA weather radio, http://www.weather.com/mobile/customtextmessaging.html or similar means.

I have an emergency kit that includes a flashlight, a radio (and fresh batteries), non-perishable food, a first aid kit, and other items. A listing of essential kit items is available on OEP's Website, www.prepare.uga.edu.
